THE CALIFORNIA

POWDER WORKS

230 California Street,

SAN FRANCISCO.

Manufacturers, and have constantly on hand

SPORTING.

MINING,

AND BLASTING

POWDER

Of superior quality, fresh from the mills. It is constantly received and transported into the interior, is delivered to the consumer within a few days of the time of its manufacture, and is in every way superior to any other Powder Market.

We have been awarded successively

THREE GOLD MEDALS

By the MECHANICS' INSTITUTE and the STATE AGRICULTURAL SOCIETY for the superiority of our products over all others. We also call attention to our

HERCULES POWDER.

Which combines all the force of other strong explosives now in use, and the lifting force of the Best Blasting Powder, thus making it vastly superior to any other compound now in use.

A circular containing a full description of this Powder can be obtained on application to our Office, or of any of our Agents.

LOUIS DEMERS.

SATURDAY.....MARCH 19, 1881.

NEWS OF THE MORNING.

The King of Sweden and Norway is dangerously ill.

Placards congratulating the Nihilists on the assassination of the Czar have been posted in Paris, and one arrest has been made.

Dispatches from different places on the Pacific Coast and throughout the country say the day was of the pleasantest description, and the exercises in honor of St. Patrick's anniversary enthusiastic, passing off without any event to mar the occasion.

At 10:15 o'clock Thursday night James Adams, who was shot by Adolph Schander on Monday night, breathed his last. At 10:20 Schander and James Oliver were booked for murder. About half an hour before Adams died he made another statement of the shooting, which did not differ materially from the first one, except that he was more confident that he was going to die.

In the Senate yesterday Pendleton called up the organization resolution. On a motion to indefinitely postpone the vote resulted 37 to 37. Mahone, to the astonishment of all, voted with the Democrats at first, but changed his vote amid applause and hisses. The Chair voted aye and declared the motion carried. Anthony then offered a resolution reorganizing the committees on the Republican basis. Carried by the same vote, the Vice-President throwing the deciding vote. The Senate then went into executive session.

THE MONETARY CONFERENCE.

Nevada has every reason to hope that the International Monetary Conference will result in an international acceptance of the rate of 15% as the standard equation of the two precious metals. We confidently expect that some good will come out of Nazareth. Every leading nation has signified its intention of participating in the conference, and notwithstanding Germany reserves the right of refusing to be bound by any decision, and that England alone shows a disposition to maintain the single standard theory, the outlook is favorable for the other Nations to agree upon what shall constitute the true and lasting relations of gold and silver. Such an agreement would advance the price of silver to where it properly belongs, and thereby make possible the working of thousands of mines now compelled to lie idle; not forgetting or overlooking the great good for the general mineral interests of the country.

CHEERING SIGNS.

There are indications of many well-laid plans for a political revolution in the South which, if successful will end in the dissolving of what is now known and accepted as "The Solid South." The remarkable departure of Senator Mahone may be cited as an example of more startling political events to follow. Mahone will have the support of the Garfield Administration, and we accept the assurance given him from that quarter as an evidence of the general policy to be pursued by the President. Some of the Georgia papers are alarmed at what is transpiring in that State. Senator Brown represents advanced ideas, and it is stated that he and ex-Governor Bullock, are the avowed leaders of a movement that has for its end the demoralization and political destruction of the Bourbons. It is very evident that a bold and aggressive campaign is to be made against the old Bourbons in the Southern States, one which, for the sake of the South itself, we trust will be completely successful.

Chief Justice Caton, of the Illinois Supreme Bench, is in Washington urging the Senate to reject Stanley Mathews on the ground that he is not a resident of the Circuit, and the people of Wisconsin, Illinois and Indiana do not want an outsider put over them again as United States Judge. If Mathews' rejection can be secured, either Judge Hewitt or Judge Isbam, of Chicago, will be urged for the nomination.

Numerous stockmen throughout Washington, Ter., it is estimated, have lost eighty per cent. of their stock, not account of the extreme cold weather, but because the grass was covered with snow and no food was provided for winter.

Whitelaw Reid's prospective wife is worth \$1,500,000 in her own name, and will get seven or eight times as much when the old man dies. Whitelaw, says the Inter-Ocean is another of those Ohio men.

The Pope's Encyclical letter has been issued, proclaiming a Jubilee from March 19 to November 1 for Europe, and to the end of the year for the rest of the world.

Senate Officers.

The Republicans will nominate Gorman for Secretary of the Senate and Manes, of Virginia a Readjuster and friend of Mahone, for Sergeant-at-Arms. A number of Democratic Senators declared their purpose in caucus Wednesday to fight against a change of officers of the Senate. This proposition was antagonized by Bayard, Hampton and others, who insisted that the best policy is to submit quietly to entire Republican control. Hill and Brown, of Georgia, Vest, Jones and others insist that the Democratic Senators must not submit to every thing; that it would discourage the Democratic party. They would let the committees go through, but avowed their purpose to filibuster against a change of officers. Davis, of Illinois, when requested to absent himself and not vote when the fight begins, refused, and he said he would vote. Bayard and a number of other Democrats declare they will not filibuster, and without united action a fight cannot be made very effective.

Congratulations to Senator Mahone.

Senator Mahone, in an interview Thursday, said that he had received at least 500 letters from Virginia, conclusively showing that the Readjuster Democrats of Virginia approved his course in the Senate, and that the straight-out Republicans in opposition to them are constantly dwindling in numbers and influence, and he is therefore more than ever confident of gaining control of the State in the coming election, and has issued a call for the Central Committee of Readjusters to meet on the 23d instant and make preparations for a State Convention in May, when he proposes to make a determined contest with the regular Democrats, not only on the debt question, but also, as he puts it "for free speech, a free ballot, universal education and general liberation."

It is stated by persons very close in the confidence of General Grant that in consequence of his Mexican engagement he will have nothing to do with the World's Fair of 1883. It is not known whether he has sent in his resignation but as he leaves on Monday for Mexico it is more than probable that he will present a formal document to the Commissioners before leaving New York. It is understood that General Grant wishes the enterprise every success, but for reasons best known to himself he does not feel inclined to be connected personally with it.

Meteorologists have found that United States storms usually advance from the Upper Mississippi Valley toward New York and New England, less frequently toward Virginia, and seldom towards the Carolinas. American storm centers most frequently pass off the coast between forty-five and fifty degrees North latitude. The great waves of high barometer, with fierce northwest winds in their front, usually advance from the Rocky Mountains toward Virginia and the Carolinas, but less frequently toward New England.

The Columbia River Salmon Canneries are brushing up, for the season, which opens next month. The law permits salmon to be taken in the Columbia River six days in the week during the months of April, May and June. Last season was an unusually prolific one, and the canners did well. They hope to can more this year, but that will depend on the run of fish and other causes. They have the facilities for an increase in the number of cans, provided other circumstances favor the movement.

A few English pheasants have been recently received in Gilroy, Cal. In a few years this bird of elegant plumage and good eating will be plentiful in California, as they are being extensively distributed in pairs for breeding. They are allied to domestic fowls, and have some of their habits. They are found nesting in clover, but their chief resort is shrubbery and high clover. Sportsmen will be pleased to have this addition to the native game for gun practice.

The New York Tribune prints a letter corroborating the story that early in the war of the rebellion, when the Russian fleet lay for several months in the harbor and other Russian men-of-war were stationed at San Francisco, sealed orders were in the Russian Admiral's hands, to the effect that if either England or France took any part favoring the South, the Admiral was at once to report to President Lincoln for orders.

The Superintendents of the principal Comstock mines are off hunting claims in Arizona and elsewhere. This absence from their posts has excited no little speculation, and we are not surprised that a column of the Virginia Chronicle is taken up with inquiries bearing upon the salaries of the Superintendents while away. Is it for this there have been so many assessments of late?

The Russian press advocates a Constitution—not in ambiguous language as hitherto, but plainly and unequivocally.

LAWS OF THE STATE OF NEVADA.

Passed by the Tenth Session of the Legislature, 1881.

CHAP. XVI.—An Act amendatory of an Act entitled "An Act to amend an Act entitled 'An Act concerning juries,' approved March 5, 1873," approved February 14, 1879.

[Approved February 8, 1881.]

The people of the State of Nevada, represented in Senate and Assembly, do enact as follows:

SECTION 1. Section One of the Act of which this Act is amendatory is amended so as to read as follows:

Section One. Section Four of said Act, entitled "An Act concerning juries," approved March 5, 1873, is amended so as to read as follows:

Section Four. To constitute the regular panel of trial jurors for any term of the District Court such number of names as the Judge may direct shall be drawn from the jury box. The regular panel of trial jurors may be drawn before the commencement of the term of Court, and, if so drawn, the Judge thereof must make and file with the County Clerk an order that one be drawn, and the number of jurors to be drawn must be named in the order. The drawing shall take place in the office of the County Clerk, during regular office hours, in the presence of all persons who may choose to witness it. If the panel be drawn before the commencement of the term it shall be drawn by the Judge and Clerk, or, if the Judge so directs, by any one of the County Commissioners of the county and the Clerk, and if the Judge directs that the panel be drawn by one of the County Commissioners of the county and the Clerk, the Judge must make and file with the Clerk an order designating the name of such County Commissioner, and fixing the number of names to be drawn as trial jurors and the time at which the persons whose names are so drawn shall be required to attend in Court. The drawing shall be conducted as follows: The number to be drawn having been previously determined by the Judge, the box containing the names of the jurors shall first be thoroughly shaken; it shall then be opened and the Judge and Clerk, or one of the County Commissioners of the county and the Clerk, if the Judge has so ordered, shall alternately draw therefrom one ballot until of non-exempt jurors the number determined upon is obtained; provided, that if the officers drawing such jury deem that the attendance of any juror whose name is so drawn cannot be conveniently and cheaply to the county obtained, by reason of the distance of the residence of such juror from the Court or other cause, his name may, in the discretion of such officers, be returned to the box and in its place the name of another juror drawn whose attendance said officers may deem can be conveniently and cheaply to the county obtained. A list of the names so obtained shall be made out and certified by the officers drawing the jury, which list shall remain in the Clerk's office subject to inspection by any officer or attorney of the Court, and the Clerk shall immediately issue a venire, directed to the Sheriff of the county, commanding him to summon the persons so drawn as trial jurors to attend in Court at such time as the Judge may have directed, and the Sheriff shall make return of the venire at least the day before the day named for their appearance, after which the venire shall be subject to inspection by any officer or attorney of the Court.

Sec. 2. Section Two of said Act, of which this Act is amendatory, is amended so as to read as follows:

Section Two. Section Eight of the Act entitled "An Act concerning juries," approved March 5, 1873, is amended so as to read as follows:

Section Eight. It shall be the duty of the District Judge and any one of the County Commissioners of the county at least once in each year and as much oftener as the public interest may require, to select from the jury list twenty-four persons who shall be summoned to appear as grand jurors at such time as the Judge may order; provided, that if the District Judge deems proper he may direct any one of the County Commissioners of the county and the Clerk to select the grand jurors, and such County Commissioner and Clerk, if the Judge so directs, shall select from the jury list twenty-four persons as grand jurors. If the Judge directs, the grand jurors to be selected by one of the County Commissioners of the county and the Clerk the Judge must make and file with the Clerk an order designating the name of such County Commissioner, and the Judge shall in said order fix the time during the term of Court when said grand jurors shall be required to appear; and if from any cause, such County Commissioner and Clerk should fail to select the grand jurors the Judge and any one of the County Commissioners may, at any time, select the same. A list of the names so selected as grand jurors shall be made out and certified by the officers making such selection and be filed in the Clerk's office, and the Clerk shall immediately issue a venire, directed to the Sheriff of the county, commanding him to summon the persons so drawn as grand jurors to attend in Court at such time as the Judge may have directed; and the Sheriff shall summon such grand jurors, and out of the number so summoned the Court shall select seventeen persons to constitute the grand jury. If from any cause a sufficient number do not appear, or those who appear are excused or discharged, an additional number, sufficient to complete the grand jury, shall be selected from the jury list by the Judge and Clerk and summoned to appear in Court at such time as the Court may direct.

Sec. 3. All Acts and parts of Acts in so far only as they conflict with the provisions of this Act are hereby repealed.

CHAP. XVII.—An Act to amend an Act entitled "An Act relating to the burial of the dead of incorporated cities in the State of Nevada," approved March 8, 1879.

[Approved February 8, 1881.]

The people of the State of Nevada, represented in Senate and Assembly, do enact as follows:

SECTION 1. Section Two of the above-entitled Act is amended so as to read as follows:

Section Two. It shall be the duty of any undertaker or other person obtaining the certificate mentioned in the first section of this Act, before burying such deceased person, to present such certificate to the Coroner of the county within which such deceased person shall have died. The said Coroner, after being satisfied of the truth of the facts set forth in said certificate, shall issue a permit to the person presenting such certificate to bury the deceased person named in said certificate, or shall take such action under the law as the facts set forth in said certificate shall warrant. Said permit shall be in writing, signed by the Coroner, and shall set forth the facts under which it was issued. Said Coroner shall file in his office all physicians' certificates so presented to him and shall keep a record of the same and a memorandum of all permits so issued by him, which records and memoranda he shall turn over to his successor in office as a part of the public records of his office.

CHAP. XVIII.—An Act to amend an Act entitled "An Act relating to the burial of the dead of incorporated cities in the State of Nevada," approved March 8, 1879.

[Approved February 8, 1881.]

The people of the State of Nevada, represented in Senate and Assembly, do enact as follows:

SECTION 1. Section Two of the above-

entitled Act is amended so as to read as follows:

Section Two. It shall be the duty of any undertaker or other person obtaining the certificate mentioned in the first section of this Act, before burying such deceased person, to present such certificate to the Coroner of the county within which such deceased person shall have died. The said Coroner, after being satisfied of the truth of the facts set forth in said certificate, shall issue a permit to the person presenting such certificate to bury the deceased person named in said certificate, or shall take such action under the law as the facts set forth in said certificate shall warrant. Said permit shall be in writing, signed by the Coroner, and shall set forth the facts under which it was issued. Said Coroner shall file in his office all physicians' certificates so presented to him and shall keep a record of the same and a memorandum of all permits so issued by him, which records and memoranda he shall turn over to his successor in office as a part of the public records of his office.

AN EVENT.

An Important Connection About to be Made.

[Enterprise 17th.]

Last evening there remained but fifty feet of ground between the faces of the south branch of the Sutro tunnel and the Yellow Jacket north drift. This will be cut through within three days, and the Yellow Jacket shaft connected with the main Sutro tunnel.

Once the connection is made it only remains to put in the drain boxes, when pumping may be commenced. These boxes are being made at the town of Sutro, and most of them are completed. As soon as they are in the big pumps of the Yellow Jacket will start up and new life will at once be given to all the mines of that part of the Comstock. The Belcher and Crown Point Companies may again resume operations on their lower levels, and the Imperial and adjoining companies may begin to do something besides pumping.

It will probably take some time to repair the deepest workings of the Belcher and Crown Point mines, as it is but fair to conclude that there has been more or less saving, but in a few weeks they will doubtless be going ahead as usual.

As for the heat that will be left in the lower levels when the water has been drained off it will soon pass out, once a free circulation of air has been established. Air blown into the main drifts will greatly assist in the cooling-off process. The dropping of "defensive" and the resumption of "offensive" operations in this important group of mines will no doubt have a tendency to enhance the price of stocks in that direction, and thus start a revival that will, toward next Fall, (when many other things along the lode will be drawing to a focus) grow to be a pretty fair boom—perhaps that may occur which will give us a regular "howling boom."

Comstock Hoisting Works.

[From the Enterprise.]

A San Francisco stock paper recently asserted that there were only eight hoisting works on the Comstock in operation. This is a mistake. There are at least twenty-five hoisting works here where hoisting of some kind is being done. Here is the list: Original Keystone, Utah, Sierra Nevada, Union shaft, Andes, Scorpion, C. & C. shaft, Osbaston shaft, Savage, Hale and Norcross, Combination shaft, Bullion, (formerly the Ward shaft), Imperial, Yellow Jacket, Crown Point, Kentuck, New York, Belcher air shaft, Belcher old works, Overman, Caledonia, Forman shaft, Alta, Silver Hill and Sierra (Devil's Gate). To be sure at some of them very little is being done, but the works are not shut down. In addition, the pumps and air compressors at the Ophir are kept going.

Senator Edmunds left Washington Thursday night for a visit to Florida, and Senator Vance paired with him for the rest of the session. Judge Edmunds or some time has been troubled with a bad cold, and now seeks a warmer climate in order to avert the threatened danger of its developing into bronchitis. He has been similarly affected for several previous winters.

When Hon. Hannibal Hamlin of Maine retired from the United States Senate March 3d, there was no longer a man in that body who participated in its deliberations when Webster, Clay, Calhoun, Cass, Benton, Mason, Hunter and Seward were party leaders and Senators.

The New York Post learns that Blaine and Conkling are using their influence to have an extra session called; that thus far the President and Secretary Windom have not favored such action, but rather opposed it, and that the whole subject will come before the Cabinet at an early day and be decided.

W. H. Vanderbilt sails for Europe on the 14th of April, and James R. Keene is going abroad the latter part of the same month. This is considered as an indication that the New York market will not feel the influence of their support for some time.

Mother's Mother!!
Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP. It will relieve the little sufferer at once—depend upon it: there is no mistake about it. There is no mother on earth who has ever used it who will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere. 25 cents a bottle. Jan10-17-81 W&W

OUR SALVATOR BEER

WILL COME OUT

— ON THE —

First of May, 1881.

SOCA BREWING CO.

TOWN AND COUNTY.

Judge King will hold court here to-day.

Overman has been assessed 50 cents per share.

Ed. Vesey will give up the Lake House April 1st.

Lachman & Meyer keep everything in the notion line.

Two new houses are in process of construction in the Western Addition.

There will be work in the first degree in Reno Lodge, F. & A. M. this evening.

Mr. Irvin Ayres came up from Oakland yesterday, en route for Camp Bidwell.

Brookins is putting up a building in the rear of his present store for a candy factory.

W. N. Knox is prepared to receive orders for pianos and organs. See 50-cent column.

Maurice May and E. B. Towl were down from Franktown yesterday. They report that sand-bill quiet.

In the 50-cent column will be found something of interest about the price of eggs at the Carson City poultry yards. Read it.

A report of twenty-five fire insurance companies, doing business in the State of Nevada, shows a net loss of over \$500,000 last year.

At the old and popular store of Lachman & Meyer can be found all the best brands of cigars and tobacco, at either wholesale or retail. All orders for goods are carefully filled, and a liberal discount is made to the trade.

The Modoc Independent says: The State of Nevada is at length to have an insane asylum, and it is to be built at Reno. Preparations have already begun for the commencement of the work. We congratulate our neighbors at Reno in their lack of securing the building in their town.

Sunday Closing.
Some of the merchants who agreed to close their places of business on Sundays are backsliding, and now keep one door open for two or three hours. We trust that the original compact will be adhered to. "Six days shalt thou labor," etc. The town is better off by the Sunday closing movement.

San Francisco Meat Market.
Following are rates for whole carcasses from slaughterers to dealers:
BEEF—Prime, 6@7c; medium grades, 4½@5½c; inferior, 4@4½c. **P. B.**
VEAL—Large calves, 7@8c; small ones, 8½c to 9½c. **P. B.**
MUTTON—Wethers are quotable at 4@4½c; and ewes at 4@4½c. **P. B.**
LAMB—Spring lamb, 10@12c. **P. B.**
Pork—Live Hogs, 6@6½c for hard, and 4½c to 5c for soft; dressed do. 7½@8c. **P. B.**

Song, No. 120. Club

District Judges' Salaries.
Under the Judicial Bill passed by the late Legislature the salaries, on and after 1893, are as follows: First Judicial District, \$6,000; Second District, \$4,000—of which sum Ormsby county shall pay \$2,800 and Douglas county \$1,200; Third District, \$3,000—Lyon county to pay \$2,500 and Esmeralda county \$2,500; Fourth District, \$4,500—Humboldt county to pay \$1,800 and Elko county \$2,700; Fifth District, \$5,000—Lander county to pay \$2,250, Nye \$1,900 and Churchill \$850; Sixth District, \$6,500—Eureka to pay \$3,500, White Pine \$1,800 and Lincoln \$1,200; Seventh District—\$3,600.

Southern Eureka Consolidated
This is the name of a mine near Greenville in which several Renoiters are interested. Mr. Phillip Russack came in from there yesterday. He showed us a piece of rock literally covered with gold, a sample, he said, of what was in the mine. The Co.'s new 10-stamp mill was started up last week. There is no doubt that the Southern Eureka is a mine of real merit and value. The rich and doubtless extensive pay chimney on the new tunnel is found to be of such a depth as to render it absolutely certain that the lode and pay extends downward to an indefinite depth, its real value depending only upon the extent and manner of its future development and management.

THE TAX PENALTIES.

The Case Re-Argued and Submitted—A New Point and a New Court.

Last Tuesday the cases of the State against the Bonanza mines to recover the penalties in the bullion-tax cases which were compromised by Storey county and the compromise confirmed by the Legislature two years ago, came up for argument before the Supreme Court in Carson, and were submitted. The Gold Hill News says the appellants were given thirty days in which to file a brief, and the respondents allowed thirty days thereafter in which to file a brief in reply, and then the Court will decide the case when it gets ready.

At the hearing counsel for the mines made a new point. Mr. Hillyer contended that in the previous decision of the case the Court passed upon the point only as to whether the servant of the people—i. e., the District Attorney of Storey county—had a right to compromise, releasing a penalty, and the sovereign—i. e., the Legislature, in its representative capacity of the people—could confirm that compromise by legal enactments. This question was decided in the negative. The question before the Court now was whether the sovereign could release the subject from a penalty due the sovereign; he claiming that to be the true status of the case.

There are many who look to see the Court decide the question in the affirmative, in which event that will be the last of the bullion-tax penalty cases. Justice Hawley, if memory serves correctly dissented from the judgment of the Court before, and now Judge Belknap is in place of Judge Beatty, whose term expired December 31. Thus the decision virtually rests with Judge Belknap.

Mr. Laycock's Scenic work at the Opera House.

T. F. Laycock returned to Reno from Eureka night before last, and has been kept busy shaking hands ever since. Referring to what he has been doing in Eureka the Leader of Wednesday last says:

T. F. Laycock made the last finishing stroke on the scenery at the Opera House yesterday evening and completed the last of twelve elegant sets, on which he has been engaged for the past two months. Besides the twelve complete sets, comprising a prison, kitchen, gothic, plain and fancy chambers, palace scene, snow scene, wood, garden, landscape and street scenes and a plain horizon, he has painted the handsome proscenium and drop curtain, than which there is no finer in the State, all the necessary flies, wings, draperies, set rocks, houses, cottages, etc., and a full line of all auxiliaries required in setting the stage. Considering the high artistic merit of his work the painting has been very expeditiously done. The Opera House as it now stands is as pretty and complete a little theater as could be desired. Its scenery is not only of the very best but thoroughly practical throughout, and can be adapted to the requirements of any piece of whatever character or caliber that may find a presentation in Eureka. Without flattery Mr. Laycock is to be highly complimented on his work of the past two months, and the Opera House management is to be congratulated upon securing so efficient an artist for the work. Throughout his painting has been uniformly far above the average. The drop curtain is really a little gem, and will seldom find an equal on the more pretentious stages of metropolitan theatres. The palace scene is an admirable piece of perspective painting and the several landscapes, forest and garden scenes are truthful and artistic. Mr. Laycock having completed his work, will leave for his home in Reno on Thursday (to-morrow) morning's train and the many friends he has gained during his stay on the Range will regret the gentleman's departure.

The Bodie Free Press, one the best and most prosperous journals published in California, has entered on a new volume.

To Ranchers and Gardeners.
RANCHERS AND GARDENERS can save time and money by purchasing their Field, Flower and Vegetable seeds, alfalfa, timothy, red top, blue grass, lawn grass, red and white clover, onion sets, etc., at Queen's Drug Store, west side Virginia St. Buying in large lots of the famous Eastern houses of Vick, Landreth and Ferry I am able to sell all seeds at lowest eastern prices. Saving freight and other expenses to all persons wishing seed.

Having leased the best dairy ranch on the Meadows, for the term of three years, I am prepared to fill all orders for milk on reasonable notice, and my cans and milk route, are not for sale. 61 acres of land, government title, perpetual water, 1½ miles East of the Court House, for sale. Apply to
A. T. RICE

To Farmers.—We have brought from the East a few bushels of the celebrated Russian White Oats. See it and get a few pounds.
OSBURN & SHOEMAKER.

A beautiful shell-cased Riverside chronometer watch, an adjusted movement, warranted for 15 years, the finest ladies' watch made, cost all the jeweler \$150, will be sold for \$94 at Uncle Harris', 221 Kearney street, between Bush and Satter.

Seeds for Everybody.
Just received from the best gardens of the Eastern States and California a choice lot of fresh and pure Vegetable and Flower Seeds. Being experienced dealers and large buyers, we buy cheaper and sell our seeds twenty per cent. cheaper in bulk to farmers and gardeners than any other house in Reno—call and see for yourselves—Alfalfa, Red Clover, Timothy, Red Top, White Clover, Blue Grass, Fine Mixed Lawn seeds. A large stock as cheap as the cheapest.
OSBURN & SHOEMAKER.
